

LAB ASSISTANT RECRUITMENT

Atotech group is a young company with a strong background. It was formed in 1993, when the former ELF Atochem Group merged its M&T Harshaw operation with Schering Electroplating Division. As part of the chemicals branch of the Oil group TOTAL we take advantage of the substantial resources of this major oil company.

Atotech Vietnam has offices and laboratories equipped with modern analytical instrument in both Ho Chi Minh City and Hanoi to support our customer in Vietnam. Our commercial and technical staff are fully qualified and periodically trained to assist the customers in the choices of products and processes to improve their production's yield and quality. The mission of Atotech Vietnam is to ensure the same highest quality services for the PCB and General Metal Finishing industries that our customers already enjoy with ATOTECH in their home country.
