Second Announcement

An Invitation

The International Corrosion Engineering Conference (ICEC2010) will be held from October 24 to 27, 2010 in Hanoi, Vietnam.

The conference covers various topics ranging from the corrosion engineering, corrosion control to various aspects of corrosion damage. It will be a forum for exchange of information about all aspects of corrosion.

The scientific and technical program will consist of plenary and keynote lectures, oral presentations and poster contributions.

This conference will also provide an ideal opportunity to build a human network for a close collaboration on a broad international basis.

This is an occasion for all the participants to enjoy the culture, cuisine of Hanoi city, which celebrates its 1000 years anniversary in October 2010.

Your active participation will make the success of our Conference.
